User Agreement

The use of district computers is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The district administration will decide what is appropriate and their decision is final.

The use of district computers must be in support of education, research, personal and professional development. Parents and visitors are personally responsible for this provision at all times when using district computers.

- * The use of another organization's networks or computing resources must comply with rules appropriate to that network;
- * Transmission of any material in violation of any United States statutes is prohibited, This includes, but is not limited to, copyrighted material, threatening or obscene material, or material protected by trade secret.
- * District computers, e-mail addresses, or web pages may not be used for commercial, non-profit, political, or religious purposes.
- * Students may not use the Internet unsupervised. By signing this document you are agreeing to take responsibility for supervising your child(ren) at your location. Parents and visitors must be familiar with and enforce appropriate use rules with students.

If you have any questions about these rules, please contact your Education Services. Be aware that the inappropriate use of electronic information resources can be a violation of school rules, local, state, and federal laws and that you can be prosecuted for violating those laws.

Network Etiquette and Privacy

You are expected to abide by the generally accepted rules of network etiquette. These rules include but are not limited to:

- BE POLITE: Never send, or encourage others to send, abusive messages
- USE APPROPRIATE LANGUAGE: You are a model for your child(ren) on a public system. Never swear, use vulgarities,, or any other inappropriate language.
- PRIVACY: Do not reveal the addresses or phone numbers of friends or colleagues without written permission.
- DISRUPTIONS: Do not use the network in any way that would disrupt the use of the network by others.
- REPRESENTATION: Do not originate anonymous messages or represent a message to have been authored by another. All correspondence should be clearly identifiable as to its originator.

Security

If you identify a security problem with district computers, notify Information Services or on site supervisor at once. Never demonstrate the problem to other users. Never use another individual's account. Never tell anyone your password. Any user identified as a security risk will be denied access to computers and may be liable for disciplinary action or prosecution.

Misuse

Misuse is defined as any malicious attempt to physically deface, disable, or destroy computers, peripherals, or other network hardware, to harm or destroy data of another user or any other agencies or networks that are connected to the system, to gain access or attempt to gain access to unauthorized systems, or to access inappropriate materials from school computers. Any misuse will result in loss of computer privileges, disciplinary action, or possible legal referral.
